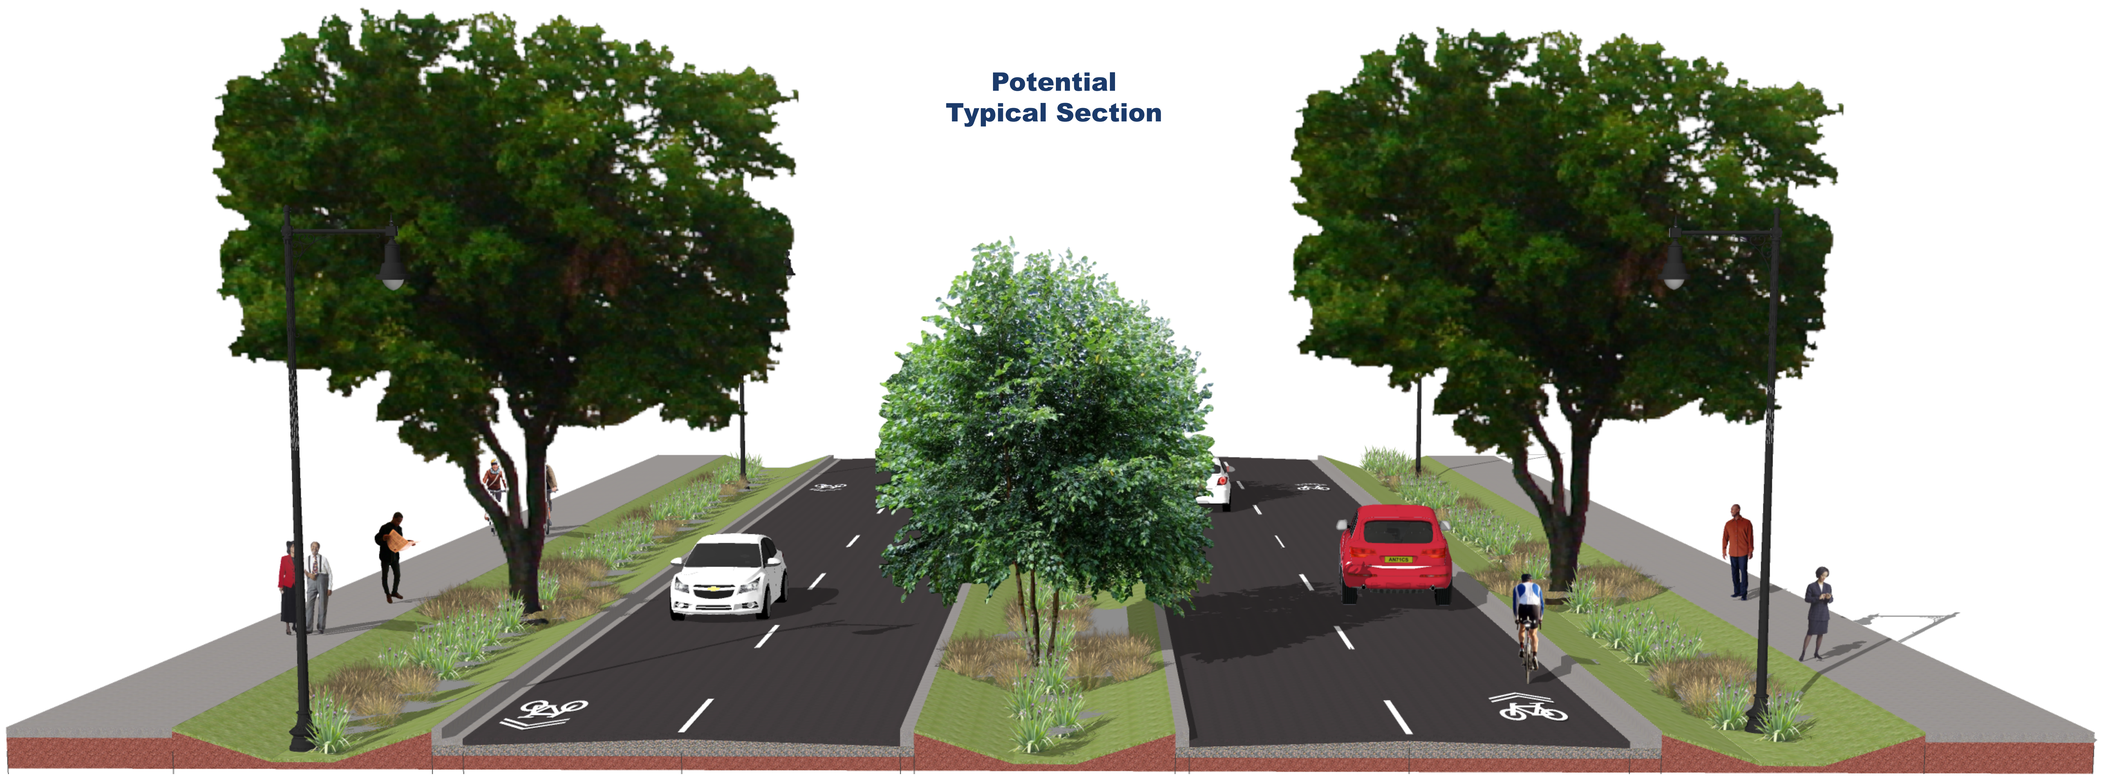
1MOBILE
RECONNECTING
PEOPLE | WORK | PLAY

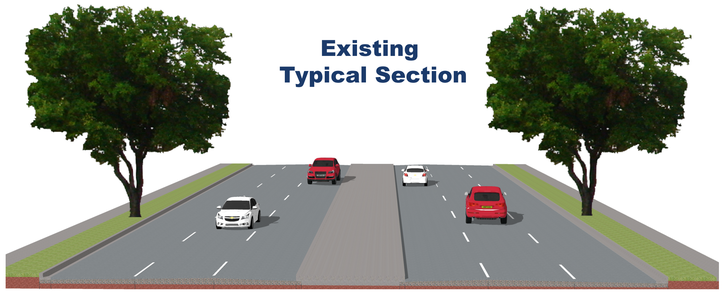
Proposed Improvements for

BROAD STREET

from Baker Street to Water Street



Potential Typical Section



Existing Typical Section

Complete Streets Goals

- Provide safe pedestrian- and bicycle-friendly access for residents, workers and visitors
- Reconnect severed neighborhoods currently divided by Broad Street's seven-lane expanse
- Accommodate all modes of travel with efficient connections between neighborhoods, transportation hubs, major employment centers, and local destinations
- Reconstruct aging infrastructure
- Create attractive, welcoming and cohesive streetscapes and
- Stimulate an economically vibrant and active street environment
