SPECIFICATIONS FOR TRASH PICKUP SERVICES

Contractor will provide either 25-45 cu yard grapple truck, or truck and trailer calibration, or greater than 45 cu yard grapple trucks, or combination trash and trailer with crews, capable of collecting residential vegetative and construction and demolition debris, transporting the debris to the designated City disposal site, and discharging the debris.

The grapple loaders should be equipped with a trash/debris grapple to handle the vegetative debris limbs, branches, debris bags, and homeowner construction debris.

Loaders equipped with bypass grapple or fingered grapple buckets will be rejected and refused.

Pricing will be hourly rate for truck/crew. Contractor is responsible for fuel.

Contractor will bill City at an hourly rate. Hourly rate to be measured beginning with arrival at first load of day or beginning of designated route until departure from disposal site.

Contractor expected to fully load trucks or trailers to maximum capacity. Minimum daily volumes will be established.

Contractor asset will check in with City at start of route, departure from route to disposal site, return to route, and completion of last disposal.

City will provide monitors to confirm load size. Contractors are subject to immediate termination if determined to consistently have light loads or less than anticipated number of loads.

Contractor rate will be for typical work Mon-Friday, 7:00 am – 4:00 pm. Contractor may quote also weekend or Holiday rates if vendor is willing to work those days.

Contractor will provide up to 2 trucks on 48-hour notice, 4 trucks on 72-hour notice, and up to 8 trucks on five day notice.

Contractor will pick up both vegetative and homeowner construction and demolition debris at residences along defined route. Pick only at edge of property: Limbs, branches, brown vegetative debris bags and household/homeowner construction and demolition debris. No wet garbage, white goods (appliances), commercial construction/demolition waste, hazardous materials or liquids.

Contractor is responsible for damages caused that are either directly claimed by the injured party to contractor, in which case contractor may directly resolve with the injured party, or documented and reported to the City by the injured party, in which case contractor and City will mutually agree as to the best resolution.

Contractor will take full loads of waste to Gulf Hauling/Dirt Inc landfill (8081 Cottage Hill Road, Mobile, AL 36695) and will check in with City representative before offloading.

Crews are to maintain professional demeanor at all times and wear identifying uniforms.

Safety protocols and necessary traffic control are contractor responsibility.

City will pay for disposal/tipping fees.

Contractor will have insurance listing City of Mobile as additional insured.

- A. General and Professional Liability Insurance: The debris removal services contractor shall maintain such general and professional liability insurance as will protect the contractor and the City from any claims for workmen's compensation and from claims for damage and/or personal injury, including death, which may arise from operations under the contract. Such insurance shall be written by companies authorized to do business in Alabama. The contractor will be required to present evidence of such coverage naming the City as an additional insured, upon receipt of a Notice to Proceed.
1. Proof of insurance with the following minimum coverage shall be included with each bid submitted by the debris removal services contractor
 2. General Liability:
 - a. \$1,000,000 - Bodily injury and property damage combined occurrence
 - b. \$1,000,000 - Bodily injury and property damage combined aggregate
 - c. \$1,000,000 - Personal injury aggregate
 3. Automobile Liability:
 - a. \$1,000,000 - Bodily injury and property damage combined coverage
 - b. Any automobile including hired and non-owned vehicles
 4. Statutory Workers Compensation as required under Alabama law
 5. Employers Liability:\$100,000 - Limit each occurrence
 6. Umbrella Coverage:
 - a. \$1,000,000 - Each occurrence
 - b. \$1,000,000 – Aggregate

Contractor will invoice and City will pay contractor weekly for services the preceding week.

Contractor must have experience in residential scheduled route trash or garbage or disaster debris removal services.
