

ADDENDUM 2

March 21, 2023

RE: City of Mobile Bid #5783 for DITCH CLEANING SERVICES

Please consider the following to be ADDENDUM #2 to City of Mobile Bid #5783 for Ditch Cleaning Services

The Following question has been asked:

For the Toulmin concrete ditches none of the ditches that are connecting and feeding into it are included in the bid. Example of the ditch originating directly across from Como Street at approximately 2463 St. Stevens, the ditch originating across from Division St. approximate address of 2560 St. Stephens Road near the billboard, and 336 S College Street.

Answer:

The tributaries and branches feeding the Toulmin Springs Branch are not included in this bid.

We want the contractor to cut or clean the tributaries or branches where they enter the Branch to the same profile of the concrete ditch as if they are part of the ditch wall.

The goal of this bid and future bids are to get the main drainage ditches open so water that enters can drain. Some ditches that are included are or may be ditches that are creating immediate issues.

We will address the tributaries or feeder ditches at a later date.

If you have any questions, please feel free to contact purchasing@cityofmobile.org.

Thank you for your consideration in this matter.
