2. The City will not guarantee a specific level or amount of work, or exclusivity in the City's award of similar work to other Contractors. The City will reserve the option to terminate the contract upon thirty-day notice for any reason.

3. Bidders must comply with all of the submission requirements to be eligible for bid award, to include timeliness and completeness (submission of all required documentation and signatures).

4. Bidders will be required to comply with the City's requirement for large contracts that Bidders exercise a good-faith effort to employ disadvantaged business enterprises as subcontractors. It is understood that Bidders may have sufficient internal resources to perform the requirements of the Bid, but the City by public policy requires Contractors to identify and commit to the use of disadvantaged business enterprises in the performance of at least 15% of the value of the work completed, or to document the inability to identify qualified subcontractors. Such subcontractors may include staffing services, traffic control, hauling, clean-up teams, equipment providers, or work crews. More information regarding this requirement is found in Exhibit A to this Request for Bids, and will be discussed at the Pre-Bid conference.

5. The City will hold a mandatory pre-bid conference on Friday, March 24, 2023, at 8:30 am, at the Seals Community Center on Texas Street. Bidders must attend this conference to be eligible for award of this bid. Attendance may be by any designated representative of the bidder and must be present for the entire conference.

6. Questions regarding this Bid must be sent by email to [Purchasing@CityofMobile.org](mailto:Purchasing@CityofMobile.org).

**Bidders and Proposers – Please complete and submit these forms as required by your City of Mobile Bid or Proposal Specification.**

This document provides information to the City of Mobile about the subcontractors and major suppliers you intend to use to complete this contract. Failure to submit this form, when so required by the bid or proposal specification, will render your bid non-responsible. Not all specifications require this form to be completed, or may require its completion under varying circumstances. Refer to the specification for direction.

The City of Mobile will use this form to:

- Understand your intended use of subcontractors and major suppliers as part of your bid/proposal submission.
- Evaluate your capability to complete the performance of this contract.
- Determine your use of Disadvantaged Business Enterprises (DBEs) as subcontractors and suppliers.
- For certain contracts, assess whether you exercised “good faith efforts” to use DBE subcontractors and suppliers for at least 15% of the value of your bid/proposal amount. (See City of Mobile City Code Sec. 14-2.)

Include this form with your bid/proposal submission. Should your bid be considered the lowest responsible bid, you will have the opportunity to update this form at contract signature. You also will be required to re-verify your information at contract conclusion.

The bid specification may require you to attempt in “good faith” to use DBE subcontractors and suppliers for at least 15% of the value of your bid in the performance of this contract. If you don’t have that level of DBE subcontractor / supplier usage (as documented on **Form 1**), you are required to complete the “good faith effort” documentation on **Form 2**. When so required, failure to adequately address the good faith effort factors on Form 2 will render your bid or proposal as non-responsive. The determination whether the bid or proposal adequately demonstrates and documents a DBE subcontractor/supplier plan, or good faith efforts to complete such a plan, will be at the sole discretion of the City of Mobile. You are encouraged to work with the City of Mobile Supplier Diversity Manager when preparing this form.

About “**DBEs**”: The City of Mobile considers businesses owned by minorities, women, or disabled veterans to be DBEs. Please consult with the City Supplier Diversity Manager for clarification or lists of certified DBEs.

About “**Good Faith**” Effort: The City of Mobile expects contractors holding large contracts to recruit and engage DBEs to be a part of their team. If the specification sets, and you cannot meet, the 15% target, you must show us how you attempted to recruit and engage DBEs to meet this target. This helps the City identify DBE market weaknesses for development, and ensures all bidders are equally considering this obligation in preparing a bid. The “good faith effort” factors on **Form 2** are not intended to be a mandatory, exhaustive, or exclusive. They are a tool to help you, and to help the City consistently and fairly consider your effort.
