Type or Print Name _____

1. All quotations must be signed with the firm name and by an authorized officer or employee.
2. Verify your bid before submission as it cannot be changed or corrected after being opened. In case of error in extension of prices, the unit price will govern.
3. If you do not bid, return this sheet and state reason. Otherwise, your name may be removed from our mailing list.
4. The right is reserved to reject any, or all quotations, or any portions thereof, and to waive technicalities if deemed to be in the interest of the City of Mobile.
5. This bid shall not be reassignable except by written approval of the Purchasing Agent of the City of Mobile.
6. State brand and model number of each item. All items bid must be new and latest model unless otherwise specified.
7. If bid results are desired, enclose a self-addressed and stamped envelope with your bid. (All or None bids only)
8. Do not include Federal Excise Tax as an exemption certificate will be issued in lieu of same. The City is exempt from the State of Alabama and City sales taxes.
9. PRICES ARE TO BE FIRM AND F.O.B. DESTINATION UNLESS OTHERWISE REQUESTED.
10. BID WILL BE AWARDED ON ALL OR NONE BASIS UNLESS OTHERWISE STATED.
11. Bids received after specified time will be returned un-opened.
12. Failure to observe stated instructions and conditions will constitute grounds for rejection of your bid.
13. Furnish literature, specifications, drawings, photographs, etc., as applicable with the items bid.
14. Vendor may be required to obtain City of Mobile Business License as applicable to City of Mobile Municipal Code Section 34-50. For Business License inquiry, contact the Revenue Department at (251) 208-7462 or cityofmobile.org/business-license-overview/
15. IF a bid bond is required in the published specifications, see below:
Each bid shall be accompanied by a **Cashier's Check, Certified Check, Bank Draft or Bid Bond** for the sum of five (5) Percent of the amount bid, made payable to the City of Mobile and certified by a reputable banking institution. All checks shall be returned promptly, except the check of the successful bidder, which shall be returned after fulfilling the bid.
16. Contracts in excess of \$50,000 require that the successful bidder make every possible effort to have at least fifteen (15) percent of the total value of the contract performed by socially and economically disadvantaged individuals.
17. All bids/bid envelopes must have the bid number noted on the front. Bids that arrive unmarked and are opened in error shall be returned to vendor as an unacceptable bid.
18. If successful vendor's principal place of business is out-of-state, vendor may be required to have a Certificate of Authority to do business in the State of Alabama from the Alabama Secretary of State prior to issuance of a Purchase Order. Vendors are solely responsible for consulting with the Secretary of State to determine whether a Certificate is required. See www.sos.alabama.gov/BusinessServices/ForeignCorps.aspx. Please note that the time between application for and issuance of a Certificate of Authority may be several weeks.
19. Vendors do not need a City of Mobile Business License or Certificate of Authority from the Alabama Secretary of State to submit a bid, but may need to obtain the Business License and Certificate of Authority if applicable, prior to issuance of a Purchase Order.
20. Bids and addendums are posted at www.cityofmobile.org/services/business/bids/. It is the responsibility of the vendor to check the City's bid page for updates and addendums.
21. Vendors must be able to provide the following upon request. Federal W-9 form, proof of registration in the E-Verify program, and Certificate of Authority to do business in Alabama/Registration with the Alabama Secretary of State within 24 hours of request.
22. City of Mobile applies local vendor preference to all purchases: Code of Alabama, 1975, Sections 41-16-50(a) and 41-16-50(d), except federally funded grants.
23. Equal Employment Opportunity. Except as otherwise provided under 41 CFR part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."
24. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148) will apply when required by Federal program regulations.

We will allow a discount _____ % 20 days from date of receipt of goods and correct invoice of completed order.

STORMWATER DRAINAGE DITCH CLEANING

DESCRIPTION

The City of Mobile (COM) is seeking bids for the cleaning of specified drainage ditches throughout the COM as per the following and attached location map. Contract work will start upon direction of the COM. All open storm water conveyances included in the scope of work will be referred to as ditches, whether man-made or natural and regardless of their materials of construction. The ditches are clearly described in the link provided by the COM which includes maps of the ditches.

1. DITCH CLEANING

Cleaning of ditches shall include the removal of any flow impediment such as debris, trash, vegetation, trees, sediment accumulation, etc. as per the attached typical sections. Accumulation of sediment shall be removed to reestablish flowlines as much as practicable as directed. Disposal of sediment shall be as directed and may include redistributing within project limits. Existing broken concrete ditch linings shall not be removed. The area shall be cleaned and the COM shall be notified.

Contractor shall exercise caution when performing work. Proper equipment shall be utilized as to not damage improved ditch sections (concrete ditch sections, gabion basket ditches, etc.). Contractor shall be responsible for damages due to ditch sections due to contractor negligence or improper use of equipment.

The main flow lines of ditches in low areas overrun by vegetation with no clearly established channels shall be cleared by the contractor. A city representative will define the main flow line, as required.

If pipe blockages or beaver dams are found in ditches, Public Services is to be notified. COM will clear any blocked pipes.

2. TRASH

All trash and litter (except tires) within the ditch section shall be removed and disposed of by the contractor. The contractor is allowed to stage recovered debris at no cost, but it must be removed by the contractor before the job is considered complete. (ROW STAGING LOCATION TO BE COORDINATED WITH PUBLIC SERVICES)

Any tires found in or around a ditch shall be piled by the contractor in an approved location that is accessible to a truck and trailer. The COM Public Services Trash Division shall be contacted for removal of the pile.

3. VEGETATION REMOVAL

Contractor is responsible for the removal of living and dead vegetation inside the easements of the ditches assigned (see attached cross sections). Nothing outside these boundaries is to be cut or removed by the Contractor unless otherwise approved or directed by COM. If unsure of the area, there will be a contact at Public Services for clarification.

Overhanging vegetation from ditches that are less than five feet tall shall be cleared, up to at least five feet from the bottom of the ditch. Ditches that are taller than five feet shall be cleared of overhanging vegetation to the top edge of the ditch.

The grass and vegetation shall be mowed to a height of 4" to 6"

The contractor is responsible for trimming around concrete head walls and should be able to do so from the top of the ditch.

Where work is conducted near a Right of Way, no vegetative debris will remain in the concrete or pavement area of the Right of Way after the work is complete.

In the areas where the slope of an earthen ditch wall is greater than a 1:1 slope, the vegetation will be trimmed by the contractor up to and even with the top of the wall.

Where the removal of vegetation or operations of equipment along the sides or top of the earthen or trapezoidal ditches leaves bare exposed ground, the Contractor shall either place sod or seed the bare ground to prevent erosion of the soil.

4. FIELD DOCUMENTATION

The following documentation will be required to be maintained by the contractor:

- 1) Photos of the ditches, before and after cleaning.
- 2) The amount of debris and litter removed at each ditch (for example: number of trash bags full, removed, etc.)
 - a. Provide documentation, with each invoice, showing the amount and location of litter removed in that pay period
 - b. A recap of all trash/ litter removed from the contracted ditches at the end of the project
- 3) Document, report, and photograph all ditch damage (ex. Concrete, Gabion, Washout...)

Video and picture evidence are to be taken by the contractor in order to verify work was conducted down to the water line, and to verify all visible trash was removed. If requested by the contractor, the COM will have an inspector available daily to verify the contractor's work to eliminate additional work by the contractor being required after a ditch's water level lowers.

5. ACCESS

The COM guarantees access to each ditch from at least one end, not always both.

While workers are present, contractors are allowed to remove fences to enter ditch areas; fences must be replaced when workers are not present.

6. TRAFFIC CONTROL

The COM will not assist with traffic control. Contractor is responsible for the implementation and maintenance of any traffic control. Traffic control methods shall conform with the current MUTCD.

7. ADDITIONAL REQUIREMENTS

The COM is interested in starting the ditch maintenance activities as soon as possible, therefore, vendors must be properly qualified to do business with the COM. Vendors shall provide with this bid the following:

- Registration number with the Alabama Secretary of State's Office or evidence from the Secretary of State that they do not need to register
- COM Business License Number
- Proof of Registration with the E-Verify Program, Federal and State
- Documentation from their insurance carrier that a Certificate of Insurance can be provided within 2 days of notification

The following is required and must be filled in:

Registration Number with Secretary of State Office ___

COM of Mobile Business License Number ___

E-Verify Enrollment Number

Insurance Carrier can provide Certificate of Insurance for COM requirements within one (1) day of notification: YES_NO_

Contractors may be required to show in writing how they will accomplish their proposed bid. This will include a description of equipment and personnel on hand, as well as what resources will be added prior to the work beginning.

COM of Mobile reserves the right to inspect a vendor's equipment prior to award for compliance with equipment specifications and conformance to safety equipment.

Vendors will be required to sign a service contract once a Vendor has been determined to be low and meet specifications provided, they have the above required items. A blank copy of the Service Contract is included in this bid package. The blank Contract copy does not have to be filled out or returned with this bid.

A Bid Bond is not required.

8. SAFETY

Contractor shall comply with all applicable OSHA and COM of Mobile rules and regulations. Contractor shall provide effective safety training to employees. Contractor shall designate a "competent person" at each work site who has the responsibility and authority to stop work until all safety conditions are met.

Contractor shall adhere to the requirement contained in the Manual on Uniform Traffic Control Devices. Some examples of which include:

- Employees working on or adjacent to roadways will wear high visibility garments meeting or exceeding the ANSI 107-2010 Class -II or Class III as required by the MUTCD for the type of traffic hazard.
- Unlicensed non-street legal equipment shall not be operated in public roadways, e.g. utility carts, ATV 's or other vehicles unless a temporary traffic control zone is established in accordance with MUTCD and state law.
- Workers shall not step into a lane of traffic unless the lane is blocked from traffic by temporary traffic control zone established in accordance with MUTCD and state law.
- All equipment guards must be in place.

Where applicable, contractor will take all reasonable precautions to ensure the safety of passing motorists, vehicles, pedestrians, and property; the contractor shall be liable for any and all damage to passing vehicles, property or injuries resulting from their work. Safety glasses shall be worn when operating power equipment and whenever there is an exposure to an eye injury (including hand sawing, clipping, use of fuels or other chemicals, etc.); hearing protection is recommended when operating power equipment.

Cell phones, earphones, and Bluetooth devices shall not be used when operating equipment or performing other duties.

The COM has the authority to stop any contract operations that are thought to be hazardous; operations must cease until corrective actions are taken.

Spill control measures shall be in place in the event of a hazardous material spill; appropriate actions shall be taken in the event of a spill; contractor shall notify COM in the event of a spill.

If Pesticides are used by the Contractor, the Contractor shall have a Pesticide License or be authorized to apply pesticides under a licensed applicator.

Failure to comply with safety issues may result in contract termination.

Contractor shall notify the COM of Mobile of any incidents reported to them.

9. PAYMENT

1. Payment will occur when each awarded ditch listed in the contracted sector is completed (cleaned and cut) as described above by the contractor and inspected by COM Staff.

2. Once a contractor has completed all work in the sector, they shall notify Public Services at a telephone number to be provided at Award of contract, who will then send out an inspector. Once the inspector has approved all work in that sector completed, the COM will pay the contractor.
3. If the contractor prefers, COM can accommodate a 2-payment model. 50% payment when 50% of the work is done (as inspected/approved by Public Services staff in the payment process described above).
4. The penalty for exceeding the 60-day project completion timeline is to deduct 2% of the contract price per day that the timeline is exceeded. If properly documented, rain delay days will not be held against the contractor.
5. If rain disrupts the schedule, weather records must be noted on the submitted schedule to explain any variances in the completion timeline.

The price that is quoted in the bid documents is the price the COM will pay for your services.

10. PERFORMANCE

If a contractor is unable to fulfill obligations of the contract on any of their awarded ditches, the entire contract may be terminated. The COM is the sole determiner of whether the vendor is operating at the capacity required.

Trapezoidal Ditch Maintenance Standards

Note: This profile represents a typical concrete trapezoidal ditch. Depth, bank slope and buffer area varies.
