City shall provide a Harris radio harness kit that bidder shall install prior to delivery.

***All above equipment to be installed prior to delivery**

All installations must be professional and neat in appearance and performed by one organization. All
manners of installation and wiring must be uniform and appropriate for the equipment being used

Item #1 – Sound Off dash/deck lights – will be installed as per manufacturer’s specifications
using factory supplied mounting brackets. All cable will be routed behind trim and floor covering and
positioned as to not interfere with other components.

Item #2 – Rear LED lights with mounting brackets - will be installed as per manufacturer’s
specifications using factory supplied mounting brackets. All cable will be routed behind trim and floor
covering and positioned as to not interfere with other components.

Item #3 – Lighted rocker switches X2 – Dash mounted location to be specified.

- Switch 1: Controls front LED Light Bar and factory flashers.
- Switch 2: Controls Rear LED spoiler lights.

Item #4 – Sho-me 100 Watt Siren control box – Will be installed in dash or console (to be
determined based on space requirements). Wiring connections for this item will be connected as
follows:

Power: Front Power Distribution Connector.

Ground: attached to vehicles factory supplied ground lug.
Speaker: attached to factory wiring harness that is connected to siren speaker.
Control switches: connected to the siren controller and mounted at location to be specified.

Item #5 – Whelen SA315P, 100 Watt Siren Speaker with Whelen Bracket – will be installed behind the grill utilizing the supplied bracket with manufacturer’s factory supplied hardware.

Item #6 – Mobile Radio Wiring – wiring harness for this item will be connected as follows: (to also include Antenna Cable)

Power: connected to Power Distribution Connector.
Ignition: connected to Power Distribution Connector.
Ground: connected to ground lug.

In the Harris radio harness kit there are 2 power wiring harnesses, 1 for the radio head unit and 1 for the MRU trunk unit which will be mounted in the trunk. A 3pin data cable will run between these 2 units. A coaxial antenna cable will be roof mounted and terminated with a TNC connector. A radio speaker will be mounted with the supplied mounting bracket and hardware to a location to be specified.

2017 FORD F250 CREW CAB 4X4 TRUCK 10,000 lbs. GVWR SHORT BED WITH 1300LBS. CAPACITY TOMMY LIFT GATE.

To include the following options : Gas V8 Engine, Air Conditioning, AM/FM, Tow Package w/ 7/4 plug Tow Mirrors w/ Spot Mirrors, Trailer Sway Control, Vinyl Flooring, 4 Wheel Disc Brakes, Tilt Wheel
