- Contractor is responsible for mowing all of the areas shown on the supplied maps from the edge of the right of way to the pavement; any questions about this should be directed to the designated City contact
- Mowing equipment shall consist of finishing mowers such as push mowers and string trimmers; bush hog types of mowers are unacceptable
- Blades must be sharp and provide a clean cut
- All guards must be in place
- Clippings need not be removed, but shall be mulched and/or spread uniformly to avoid clumping; large clumps shall be removed
- Litter, including signs, to be removed prior to mowing
- Mowers shall avoid striking ornamental trees; damaged trees shall be replaced, where applicable
- Contractor shall complete each street (including string trimming, blowing) before moving to the next

- All specifications must be met before payment is released
- Any initial cleanup is included in the bid price.

- If the contractor completes the streets in a period shorter than eight weeks they will be paid on a bi-weekly basis for all streets as they are completed; the contractor may not start the next cycle until the date shown on the above schedule.
- In the event of a natural disaster (a named tropical storm or hurricane) the contract may be suspended for an agreed upon period of time; payment shall not be made for a missed operation
- Any used tires found in or around a ditch will be piled by the contractor in one location accessible to a truck and trailer and the City Public Works' Trash Division contacted for removal.
